STUDENTS PREPARE TO PRESENT COMEDY TO BENEFIT SCHOOL

High School Juniors are preparing to present their annual play which will be staged at the school auditorium on the evening of Saturday, May 15. "Our Wives" is the name of the offering which will be rehearsed under the direction of Principal E. Q. Sudder, himself a former actor, having appeared with great success in the famous Ben-Greet Lyceum company and also in stock. Miss Margaret Watson, head of the English department at the school, will assist in the coaching of the students. It will be remembered that the Juniors last season presented with wonderful success the drama of love and football "For Wingeat," this production being received with tremendous favor by local theatregoers. "Our Wives" is a comedy in three acts, dealing with the humorous complications arising from the domestic difficulties of members of the same society. It is current opinion among those who should know that the production of "Our Wives" will prove of greater dramatic excellence, even than "For Wingeat." A capacity audience should greet the initial appearance of the students. The proceeds of the affair will be donated to the purchase of books and stationery of some of the more famous masters of art and literature for ornamentation of the various rooms of the high school building.

HIGH CORN PRICES

LONDON, April 24.—Wheat brought record prices at the corn markets throughout the country, the best selling at Dorchester, Bedford and Nottingham for 65 shillings (\$15.20) per quarter. Other good samples brought as high as 61 shillings.

NEW ORGANIZATION MAKES ITS DEBUT IN WARREN DISTRICT

R-U-A Sas-A-Ma-Shay? If Not, Why Not? Some of the Mystic Symbols of Bisbee's Latest Brotherhood.

Are you a Sas-A-Ma-Shay? If you aren't, you should be, several things taken for granted.

The purpose of being a Sas-A-Ma-Shay, are many. They have not been made quite clear to the sporting editor of the Review, consequently it is rather difficult to discuss the organization's ethics, propaganda, outlook and purpose in an as distinctive a manner as he would like.

However, the Sporting editor is assured that the purpose is to guarantee a man's constitutional rights—whatever that means. That the club is taking hold, and that it will grow, is evidenced by the fact that a great many people in Cochise county have already identified their intention of joining the present force that now constitutes its roster.

Most authorities have been questioned as to the derivation of the name "Sas-A-Ma-Shay." A difference of opinion seems to prevail regarding it, however. It may mean that one has to enter the inner shrine of the organization before it is clearly explained.

It has been said the name is taken from the French—but this is supposed to have been confined with what the Frenchman said on January 1, when the sun was dry, "Sacre Dieu, moi," whatever that means.

To be a "Shay" or a "Sas" or any of the intermediate letters one has to qualify in a dubious manner. It has not been told, at least to the public, what these qualifications are. It is a certainty, however, that organization will not be an electrolytic one.

The local officers of "Sas-A-Ma-Shay" have been named for the coming year. Jack Brennan is president; John Leo, vice-president; G. S. French, secretary-treasurer (emphasis on the treasurer); Johnnie Hall, inner guard; Charles Green, outer guard; S. K. Williams, attorney general; and George Beardsley, poet laureate. The membership includes many of the prominent residents of Cochise county and of Bisbee and the Warren district, particularly. New names are constantly being added and the organization promises to become one of the strongest in the section.

OAKLEY MAY LEAVE BISBEE IN SUMMER

Local Assistant Postmaster Slated for Better Job in Phoenix Shortly.

During the coming summer, according to advices from Phoenix, Edward W. Oakley, present assistant to L. R. Bailey, postmaster of Bisbee, will go to the capital city and become the assistant at that point, succeeding Ernest Anderson, of Phoenix, who will go into business.

Oakley has been in Bisbee since January 3, and has proved himself to be one of the best postoffice men ever in the district, besides being intensely well liked in social and business circles.

When asked regarding the possibility of his leaving, Oakley declared that he had not been informed as to the exact status of the matter, but anticipated going to Phoenix in the capacity of assistant to the postmaster there whenever the situation presented itself favorably.

FOREIGN MAIL MUST HAVE RIGHT POSTAGE

C. & A. Will Try to Continue Triumphant March in Game With C. Q.

The following communication from Postmaster L. R. Bailey is of importance to Warren District residents who send mail abroad.

"In view of the fact that this city has such a large foreign population and further, that the Department has requested that as much publicity as possible be given the rates of postage on letters to the various foreign countries, I am sending you the following in hopes you will find some in your paper to publish same.

Complaints are continually being received by the Postoffice Department on account of the recent increase in postage of short paid mail from the United States. In the event that mail matter is received in a foreign country short in postage, it is necessary to collect double the deficiency from the addressee. This not only makes a hardship on the people to whom the mail is sent, but also brings discredit on our Postal Service.

Judging from the inquiries and complaints received at this office, it is very evident that there are many people in the Warren District who are ignorant of foreign postal rates. The Review through their columns will make it possible to place the following information into the hands of their many readers. It will not only be beneficial to the patrons of this office and their foreign correspondents, but also it will be doing the Postal system in general a great service.

The only countries to which the rate applies that is 2 cents for the first ounce of fraction thereof and 2 cents for each additional ounce or fraction of an ounce are Canada, Cuba, Mexico, Republic of Panama, Canal Zone, Bahamas, Barbados, British Honduras, Leeward Islands, Newfoundland, Germany (by direct steamer only), Iceland, Scotland, Wales, Ireland, and the City of Shanghai, China. To all other foreign countries the rate on letters is five cents for each additional ounce or fraction thereof.

In case of the slightest doubt on the part of any patron as to the weight of a letter, he should bring same to the postoffice to be correctly weighed and prepaid in full amount in postage before mailing.

DID CHILD WAKE UP CROSS OR FEVERISH

Look, Mother! If tongue is coated gives "California Syrup of Figs" to clean the bowels.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign! Its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-aches, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's use; gives a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grownups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child to-morrow, but not the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company," adv

CHAPLIN RECURS AT THE ROYAL THEATRE

Charles Chaplin will be at the Royal today in all his glory. He will appear in his two part comedy cyclone, "A Night Out." This picture has made millions laugh and Charles himself says this is one of his best efforts. Anyone that ever heard seeing Chaplin is missing the laugh of a life time. In addition to the famous comedian the Eclair company will present their wonderful masterpiece "For the Mastery of the World." This famous mystery drama comes in three reels and is a great special feature. A Joker comedy special will also be shown on the "The Triangle Marriage." This is a banner Sunday program for the Royal and the house will be packed for both the afternoon and night show.

The management announces that another great attraction will soon be shown at the Main street playhouse when Annette Kellerman, "the perfect woman" and a company of 1000 players, will present "Niagara Dances." This fine masterpiece of the world comes in 8000 feet and is full of gorgeous and thrilling spectacles. Nothing like this spectacular pictorial triumph has ever been staged in the Warren District.

ICE CREAM PRODUCER INVITES VISIT OF PURE FOOD EXPERTS

Proprietor Cooley of Bisbee Drug Co. is anxious that Spotlight of Publicity Be Turned Towards His Methods.

There is one place, at least, in Bisbee where the visits of the pure food inspection officers are not only welcomed but even solicited. This is the store of the Bisbee Drug Co., where a cordial invitation is extended all to visit the extensive ice cream producing department on the second floor. Proprietor Ben D. Cooley is not a little proud of the splendid apparatus installed under his direction and certainly not exalted anywhere in the entire state of Arizona. Indeed, in many respects, his electrical ice cream freezing apparatus is superior to anything to be found in this section of the Southwest. Cleanliness is the big watchword but there are other features that appeal.

Capable of producing ten or twelve gallons of ice cream, within a period of ten minutes, the big electric machine prepares only the very best in every respect for the lovers of the food delicacy. The ice cream is the very purest obtainable and not a bit of powder or gelatine is used in the mixture. It is well worth one's while to inspect the up-to-the-minute methods inaugurated by Proprietor Cooley.

Down stairs in this well-appointed drug store one finds that the ices and soda beverages and kindred drinks are prepared under the direction of one of the most skillful connoisseurs in the whole Southwest. E. H. Edwards has as complete a combination of epicurean recipes as any man in his line west of the Mississippi.

Persons who have not become acquainted with the wonderful creations of lead distillates and all manner of hot weather drinks, as prepared by Connoisseur Edwards should take advantage of the first opportunity to try any one of his multiple offerings in the lines mentioned. A splendid prepared menu has just been put out by Proprietor Cooley. Space does not permit mention of all the good things offered but among the newer creations are the Rainbow, Buffalo Gown, Bachelor Girl, Buster Brown, Fairy Queen, Soul Kiss, Parfait, Dier Kiss, Sunday Night, Purple Lady, Mary Garden and Lovers' Delight.
